PUBLIC FIRE EDUCATORS

"Ignite Awareness, Extinguish Risk"

www.wpfesection.org

Board Meeting Minutes – Thursday, March 25, 2010 @ 1300
2238 S 223rd St, Des Moines, WA 98198

PIO Training – Kendra

Kendra has been talking to Josie Williams about organizing a basic and advanced PIO training through WPF. Kendra will talk to Josie to see if it would be possible for the Prevention Symposium for later this year.

Grant Info. & Video - Kendra

Kendra will make copies and send them out to the members of the board.

Fire Chiefs Meeting in Spokane – Kendra

Kim indicated that she plans to go. The board expressed their appreciation for being invited, but due to budget cuts, etc. it is difficult to attend this conference.

2010 PREVENTION SYMPOSIUM - Kim

Kim indicated that no meetings have been held to start planning that she is aware. Kim will send out an e-mail asking when the planning committee plans to meet and she will keep us in the loop on what types of classes/speakers they plan to have that would be good for fire & life safety educators to attend.

Washington Sprinkler Coalition – Kim

No update available.

State Fall Prevention Coalition Update/Survey – Nanette

The state coalition is meeting on April 1st. Nanette asked if anyone on the board was planning to attend. No one was. Nanette shared that Ilene Silver is retiring at the end of the month. It appears that DOH will have someone take on the issue of fall prevention at the state level.

June Speaker – Ed Troyer - Nanette

Nanette has been talking with the possibility of hosting Ed Troyer at Bates in Tacoma. Bates has the ability to host his talk live and other groups across the state can sit in live and interact through the state bridging system. 3 dates in June that work for Bates have been passed on to Ed and at this time I have not heard back whether any of those dates work for him. More to follow.

Future Meetings - All

Next Meeting:
Friday, April 9th – Vancouver, WA
Annual Resource Share

Respectfully Submitted by:
Nanette Tatom, WPFE Secretary
